<b>Warranty</b>	5 Years
<b>SKU</b>	GH-6, GH-25, GH-50, GH-100

#### Care and Usage Tips

- For use with any standard 3/4" watering accessory
- To break your hose in, drag it through your garden over hard surfaces, the more you use it, the better it gets
- Coil and put your hose away by twisting a half turn to the right and winding the hose in a clock-wise direction, the hose will naturally coil in the same way it came to you
